# INTRODUCTION

---

Young students will gain valuable practice in reading, spelling, and handwriting as they complete the activities in ***Primary Cloze Reading 2***. The lessons are based on the use of context clues to complete short stories.

Each lesson page is headed by a box containing four one- or two-syllable words from which students choose the correct word to fill in missing parts of the stories. Altogether, students determine the correct use of 172 words. As students progress through the lessons, a question is added at the end of some stories to further test their comprehension of the story content.

Each story is accompanied by a corresponding picture that students will enjoy coloring.

This book was designed for use in grade 2.
