## Spanish-English Flash Cards 1

This set of Spanish-English Flash Cards is intended for Spanish-speaking as well as English-speaking students. Pictures of objects and concepts familiar to most students were carefully selected to promote learning.

The 120 pictures presented on these flash cards are printed in black and white. The teacher may want to add color to the illustrations and laminate the flash cards for durability. The name of each object is printed in both Spanish and English and the phonetic spellings are given as well to help teach proper pronunciation.

**Please note:** The months of the year have been depicted by various activities and holidays that most students will associate with each month. For example: A snowman is used as an illustration for January; a turkey for the month of November; a boy flying a kite for the month of March.

In the same way, the seasons of the year are depicted by weather scenes such as rain, sunshine, wind and leaves, etc.

The teacher may wish to label these cards "Months" and "Seasons" to avoid confusion.

### **Suggested Uses:**

Have students identify and describe the object pictured. Help associate the picture with the word on the back of the card. Use the phonetic spelling to help the students pronounce the word correctly. Encourage repetition of the word.

The flash cards may be grouped into categories; i.e., animals, at the beach, months, etc. Have students group by pictures, then by words as skills improve. (**Note:** The flash cards in this set correspond with the activity pages in Spanish-English Unit 1 [order Item #928A]. Words in the unit already have been put into categories.)

Use the flash cards to play matching games. Write the words (both Spanish and English) on small cards. Have students match pictures to word cards.

These flash cards are an excellent teaching tool that can be used for individual or small group settings and as an addition to your learning centers. They also offer a variety of opportunities for cooperative learning.
